Developing the entire Backend for Festro App made in React Native as well as Festro Website.

---

## POSITIONS OF RESPONSIBILITY

- Core Member of ACE, The Technical Society of VSIT, VIPs.
- 

## PROJECTS

File Sharing

Mar 2019 - Apr 2019

<https://sharefiles.herokuapp.com>

Upload and share files with other users by searching for their username.

E-commerce/Personal Website using Django

Jan 2019 - Jan 2019

<https://ash-website.herokuapp.com>

This website allows customers to place an order for a custom graphic design that they want. Customers can bargain the price they are willing to pay. Same goes for the deadline. They can pay for their order using Net banking/Debit Card/Credit Card.

## Blog Application using Django

Oct 2018 - Oct 2018

<https://ansh-blog.herokuapp.com>

This project was my foundation of Django. After I finished the tutorial series, I proceeded to improve the application and add more features to it by myself.

## CinepassX

Mar 2019 - Present

<https://www.cinepassx.com>

This is a service that provides you with a monthly subscription at a cheap rate for watching movies in a cinema. We (My Team) are currently working on expanding the service and getting cinemas on-board with our idea.
